CELTIC F.C. LIMITED (THE "CLUB")

RAIL SEATING SECTION SAFETY CODE OF CONDUCT 2025/26 (THE "RAIL SEATING CODE")

The safety of all supporters at Celtic Park is of paramount importance to the Club. The safe operation of the Rail Seating Section at Celtic Park requires effective communication and engagement with the supporters in that area.

The Club has therefore adopted this Rail Seating Code of Conduct, which applies to all Season Ticket Holders in the Rail Seating Section, in addition to: (i) the Season Ticket Terms and Conditions; (ii) the Ground Regulations; (iii) the Celtic FC Social Mission Statement; (iv) the Unacceptable Conduct Rules; (v) the terms of any Supporter Charter or other Code of Conduct adopted by or binding upon the Club; and (vi) the rules and regulations of any Football Authority binding upon the Club; copies of which are all available on request and at celticfc.com.

This Rail Seating Code of Conduct is based on the Club's risk assessment for the safe operation of the Rail Seating Section at the Stadium and the Club therefore reserves the right to review and vary the code from time to time. Any failure to adhere to the Rail Seating Code shall automatically be deemed to be a breach of the Season Ticket Terms and Conditions and the Club shall be entitled to take appropriate action.

As a requirement of entry to the Rail Seating Section individuals and supporter group Season Ticket Holders are required to conduct themselves in accordance with the undertakings set out below and the use of such ticket to enter the Stadium is deemed to constitute such Season Ticket Holder's acceptance of this Rail Seating Code of Conduct. The potential harm that may follow if these undertakings are breached is explained below for information.

The Season Ticket holder undertakes:	Potential Harm
To enter the Stadium and Stadium bowl in an orderly manner respecting and complying with ticket checks and controls, including personal issue tickets/identification aids, determined by the Club, for the Rail Seating Section. To respect and respond to the reasonable directions of stewards and the police during access phase to ensure that order is maintained and flow rate at turnstiles is constant and uninterrupted, with no unauthorised access.	Non-compliance may lead to overcrowding and an unsafe environment may be created. Spectators and/or match day staff could be injured.
Not to use balaclavas or otherwise conceal your identity whilst on the Stadium footprint and/or within the Stadium.	The use of balaclavas or other methods of concealment prevents identification of anyone engaging in unsafe behaviour and may be intimidating for spectators and match day staff.
To only occupy your allocated seat/space and not to enter other parts of the Stadium bowl or areas other than allocated standing positions within the Rail Seating Section of the Stadium.	Movement to other seats/space may lead to unsafe environment, ticketing issues, overcrowding and could reduce the ability to identify individuals involved in unsafe behaviour.
Not to use flares, fireworks or other pyrotechnics.	Staff, spectators and players or officials could be killed or injured (e.g. through burns, toxic products, respiratory problems, fire hazards, temporary or permanent hearing loss, cardiac arrhythmia, etc.).
Not to throw objects or missiles.	Staff, spectators and players or officials could be killed or injured by objects or missiles thrown by other spectators.
Not to engage in hate speech or behaviour.	Spectators could abuse staff, each other and/or players or officials on grounds of race, religion, disability, sexual orientation or other protected characteristics.
Not to display banners or engage in any singing/chanting which could reasonably be considered to be racial, sectarian, political, homophobic, harassing or discriminatory. To bring banners and flags and to sing songs which support the team positively. To comply with the Club's Banner Protocol at all times.	Spectators could display symbols and/or sing or chant words that are likely to provoke other sections of the Stadium.

Not to engage in overcrowding, surging or crushing, including circumventing ticket checks and controls, and recirculation of Rail Seating Section Season Tickets. Not to attempt to permit or support non-ticket holders for the Rail Seating Section to gain entry into that area. Not to engage in conduct that may lead to falls, including crowd surfing.	Spectators could be injured by falls from height, off an edge or down a slope or stairs.
Not to stand on seats, barriers or other infrastructure, other than the designated terracing areas.	Spectators could be injured by falls.
